

Company Profile

Brevino Industry Co., Limited was established by several engineers who are big fans of outdoor activity, commit to manufacture reliable portable fridges for outdoor life, to enhance people's experience in the nature. The portable fridges that we manufacture are designed to the refrigerator's original meaning: to preserve foods and water fresh as long as possible, while the energy consumption is as low as possible.

Living in cities, it is hard to picture how precious energy it is, and how inconvenient it is to store food and drinking water. When you go out to the wild, every kilowatt of electric, every drop of gasoline means a lot; one more hour for keeping the food and water fresh, can make your outdoor life a better memory.

So this is Brevino Industry Co., Limited, a manufacturer consist of refrigerating engineers, big fans of outdoor activity, we aim to be a part of your beautiful outdoor life.
